Welcome! This document contains information about the background of our providers, professional services offered, fees and business policies, as well as information about the privacy of your protected health information and storage, transfer and access to your health records. Please read it carefully and ask us if you have any questions.

Providers Background

Valerie Kemper, Psy.D., Licensed Psychologist, Clinical Neuropsychologist is the founder and **Clinical Director of Kemper & Associates Neuropsychological Services**. She has a Bachelor of Science degree in Aviation Management with flight training to obtain a pilot's license, a Master of Arts degree in Community Psychology with a concentration in Clinical Psychology, a Doctorate Degree in Psychology with a specialization in Marital and Family Therapy, and an additional two year post-doctoral specialization in Clinical Neuropsychology. She has worked in the mental health field in various capacities since 1988. Dr. Kemper is a licensed psychologist in the states of Arizona and New York. For the past several years, Dr. Kemper has concentrated her clinical work on evaluations. She conducts psychological and neuropsychological evaluations for an array of ages for diagnostic purposes and to make treatment recommendations to other providers. Such evaluations are performed to diagnose ADHD, learning disabilities, dementia, traumatic brain injury, neurocognitive disorders, mood disorders and other psychological disorders. She also performs evaluations to make recommendations about readiness for certain surgical procedures, return to work readiness, and disability determination. Dr. Kemper is the clinical supervisor at KANS and meets weekly with the residents she supervises and directly supervises all neuropsychological evaluations.

Breanne Fahs, Ph.D., Clinical Psychologist, earned her Bachelor of Arts degree in Psychology and Women's Studies/Gender Studies from Occidental College in 2001, her Master of Science in Psychology from the University of Michigan in 2002, and her Doctoral Ph.D. degree in both Clinical Psychology and Women's Studies from the University of Michigan in 2006. She has been a licensed clinical psychologist in the State of Arizona since 2010 and works primarily with adults and adolescents. She specializes in issues of sexuality, LGBT clients, mood disorders, trauma, couple's work, and addiction. Additionally, she is a full professor at Arizona State University where she teaches and researches in the area of women's sexuality, embodiment, and political activism. Her research experience is extensive, as she has published six books and over 60 peer-reviewed journal articles and book chapters in psychology and women's studies. In tandem with her academic work, she currently serves as a private practice clinical psychologist and the secondary research supervisor at Kemper and Associates Neuropsychological Services. See her website at www.breannefahs.com.

Andrew Fitzgerald, Ph.D., Licensed Psychologist, earned a Bachelor of Arts in Psychology, a Master's degree in School Counseling, and a Doctoral Degree in Counseling Psychology all through Northern Arizona University. He spent two years as a School Counselor serving the northern Arizona region where he worked with elementary students and teachers on a variety of classroom, personal, and interpersonal issues. He has a passion for teaching and has taught courses at the University level since 2010 from freshman psychology through graduate level counseling courses. Dr. Fitzgerald enjoys supervision and training, and has been a mentor and secondary supervisor to many graduate students and doctoral interns. He completed his residency with Dr. Kemper in the field of neuropsychological assessment, enjoying learning about the complex "puzzle" of analyzing and interpreting test data. He is the Intake Coordinator at KANS and secondary supervisor to residents.

Jackie Fulcher, LMSW, Psy.D., Clinical Psychology Post-Doctoral Resident, earned her Bachelor's degree in Psychology from the University of Arizona in Tucson, Arizona, and her Master's in Social Work degree from Arizona State University, and her doctoral degree in Clinical Psychology from an APA-accredited program at Fielding Graduate University. She is a Licensed Masters Level Social Worker in the State of Arizona, with experience in providing services to clients of all ages. She has previously worked with adults and children with developmental disabilities, veterans in the Southwest Blind Rehabilitation Center, psychiatric inpatient adults with serious mental illness, and has recently worked at a substance abuse treatment facility for women with a history of trauma. She is currently in a two year residency at KANS, with the focus of training being psychological and neuropsychological evaluations.

Steven Moore, BA, Psychometrist, earned his bachelor's degree in English from Eastern New Mexico University. He has received intense training at KANS in the administration of psychological and neuropsychological testing. He is currently working toward Board Certification in Psychometry which requires 3000 hours of testing, scoring, and associated administrative experience under the supervision of Dr. Kemper. He anticipates earning board certification in January of 2019. He has worked with examinees as young as 4 years old up to 90 years old. In his off hours, Mr. Moore coaches youth sports and is a prolific reader.

Zachary Krings, B.S., Psychometrist, graduated magna cum laude from Northern Arizona University in 2010 with dual bachelor's degrees in psychology and journalism. He began his graduate studies at Northern Arizona University in 2010 in Educational Psychology with a School Psychology emphasis. He is currently a doctoral candidate, and anticipates receiving his Ph.D. in School Psychology in December 2018. He has had training in the school systems throughout Northern Arizona, and has worked extensively on the Hopi and Navajo reservations. During his training, Mr. Krings has provided school-based services, interventions, and evaluations for early intervention services, college-based services, and all grades in between. He has also worked with a diverse range of individuals, such as the medically fragile, individuals with various school-based diagnoses at various levels of functioning, and individuals with varied medical and mental health diagnoses. His primary interest has been in Autism Spectrum Disorders, and he was trained in evaluating such during his doctoral internship. He is the primary assistant to Dr. Kemper in conducting Autism Spectrum Disorder evaluations.

Latoya Vazquez, B.S., Office Manager at KANS, earned her Bachelor's of Business Administration from Northern Arizona University in 2011. She oversees the day to day operations of scheduling, verifying benefits, and coordinating referrals from other providers in the community.

Maryann Clark, Receptionist. She is the primary receptionist at KANS, scheduling appointments, greeting new patients, and verifying benefits.

Scope of Professional Services

The scope of services offered at KANS involves neuropsychological assessment, as well as psychological evaluations for readiness for medical procedures, educational assessments, and evaluations for different types of disability determination purposes. We do not provide counseling services at KANS, but rather refer all counseling services to West Valley Family Development Center, 623-536-7956.

Fees for Services

Standard rates for services provided by a licensed doctor of psychology are as follows:

- Intake Interview (90 minutes) \$200
- Psychological Testing, Scoring, Report Writing - \$200 per hour with Dr. Kemper
- Psychological Testing or Scoring with a psychometrist or supervisee of Dr. Kemper's - \$100 per hour
- Letter or Records Preparation, Attendance at Meetings, Consultations with other professionals, and Phone Calls are prorated per 15 minutes and charged at a rate of \$200 per hour with Dr. Kemper
- Legal consultations and depositions are billed on a case by case basis depending on the complexity of the case.

If you will be using an insurance benefit for your services then we will be calling your insurance carrier to verify benefits and obtain coverage information. Verification of benefits is not a guarantee of coverage. We will provide you with the information gleaned from the verification process, but you as the customer are ultimately responsible for verifying your own coverage, obtaining authorizations if needed, and paying deductibles, co-insurance, or co-pays as dictated by your plan.

Payment is expected when services are rendered. As a courtesy, we will submit claims to your primary insurance carrier if we are contracted with them. We do not submit claims to secondary insurance companies. If your insurance company does not reimburse for your services, then you will be responsible for fees at the standard billing rates noted above. If your insurance policy includes deductibles, co-insurance, or co-pays then we are not allowed to change your contract with your insurance company. This means that we are not allowed to adjust or waive your set deductible, co-insurance, or co-pay amounts. In addition, these fees are due upon receipt of services, not after your insurance company processes your claim.

Fees for Broken Appointments for Testing

At the completion of an intake interview, you will be given a letter containing important information about your testing appointment. Please be sure to read this document carefully as it contains information about medications to take or not take on your day of testing, forms required to bring back on your testing day, fees for testing and feedback appointments, as well as information about broken appointment fees for testing.

If you are unable to keep a scheduled testing session, please follow the written directions provided to you in the letter you receive at your intake interview regarding the cancellation and reschedule process.

Protocol for the Secure Storage, Transfer and Access of Your Records

In Accordance with Arizona House Bill 2786, we are required to inform you of how your records will be securely stored and transferred and how you may access your records. When your evaluation is completed, records are kept on site, in a secure area, for a minimum of two years, after which time, the records may be moved to a secure off site location. Your records will be maintained by KANS for a period of at least 7 years after the completion of your evaluation. If the client is a minor at the time of evaluation, then records will be maintained for a period of 7 years after the 18th birthday of the client. After the minimum record maintenance period then records will be destroyed by means of shredding of documents, unless you wish to claim the records for your own property. If you would like copies of or access to your records then you must submit a request in writing. Request for copies or access will be granted within 30 days of receipt of such request, unless there is reason to believe that release of

such records may be harmful to your emotional wellbeing or otherwise not in your best interest. You will be charged a reasonable copy fee for copies and professional time required to satisfy your request.

Your Privacy, Protected Health Information, Confidentiality and Rights

In accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA), we are required by law to maintain the confidentiality of your health information. Some circumstances may require us to use and disclose your protected health information (PHI), such as:

- For purposes of diagnosis, treatment, or referral and obtaining payment for services rendered to you
- For the treatment, payment, or health care operations activities of another health care provider who treats you
- For healthcare and legal compliance activities
- To a relative, friend, or other individual included in your care if I obtain your verbal agreements to do so and in certain other circumstances where I am unable to obtain your agreement and believe that disclosure is in your best interest
- To a public health authority in certain situations as required by law (such as to report abuse, neglect, or domestic violence)
- For health oversight activities including audits or government investigations, inspections, disciplinary proceedings, and other administrative or judicial actions undertaken by the government (or their contractors) by law to oversee the health care system
- For judicial and administrative proceedings as required by a court or administrative order, or in some cases in response to a subpoena or other legal process
- For law enforcement activities in limited situations, such as when responding to a warrant or if you are under custody of a law enforcement official
- For military, national defense and security, and other special government functions
- To avert a serious threat to your health and safety or that of another person or the public at large
- For worker's compensation and similar purposes

Also in accordance with HIPAA, you have the following rights:

- You may inspect and obtain a copy of most of the health information that we have about you. Your request must be in writing. Normally you will have this information within 30 days of your request. You will be charged a reasonable fee for copies of information. In certain circumstances, you may be denied access to your medical information if it is considered to be harmful to your wellbeing or otherwise not in your best interest.
- You have the right to ask for an amendment to your health information if you believe that something is inaccurate in your record. Your request must be in writing and must include the reason(s) for your request. We are permitted by law to deny your request to amend your medical information in certain circumstances, such as when it is believed that the information you requested to amend is correct.
- You have the right to request that we restrict how we use and disclose the medical information we have about you. We are not required to agree to any restrictions you request, but any restrictions agreed to by us in writing are binding.
- You may file a complaint if you believe your privacy rights have been violated. All complaints must be submitted in writing. You will not be penalized for filing a complaint.
- You have the right to be notified and provide your written authorization for uses and disclosures not stated in this agreement or permitted by law. You may revoke your authorization at any time, in writing, except to the extent that we have already used or disclosed medical information per that authorization.
- You may obtain a copy of this notice and may ask questions regarding this notice or our privacy practices.

In Case of Fire or Natural Disaster

Should you be in the building when a fire or natural disaster occurs, then immediately exit the room you are in and follow the exit signs to the nearest safe exit.
